SKILLS

Programming Languages — Python, Java, JavaScript, TypeScript, SQL

Frontend Development: — React.js, Next.js, HTML5, CSS3, Tailwind CSS, Shadcn UI

Backend Development — Node.js, Express.js, Flask, FastAPI, REST APIs, Supabase (BaaS)

Databases — MySQL, PostgreSQL, MongoDB, Amazon DynamoDB, ChromaDB, Redis

Tools & Platforms — AWS, Docker, Git, GitHub

Software Engineering — Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, SDLC, Debugging

EXPERIENCE

AI Tensors Corp (AITCare)

06/2026 – Present | Visakhapatnam

Full Stack Developer Intern

- Enhanced the production FallVision Dashboard using React.js and FastAPI, developing new features and improving the user experience for healthcare facility administrators.
- Optimized dashboard performance by improving data loading, API responsiveness, and frontend rendering while ensuring reliable visualization of patient data from Amazon DynamoDB.
- Resolved production issues related to debugging, data integrity, application stability, and system reliability across the frontend and backend.
- Supported deployment and maintenance of a production AWS-hosted healthcare application using FastAPI, Uvicorn, and Gunicorn.

WebeDigital

03/2026 – 06/2026 | Remote

Full Stack Developer Intern

- Developed a responsive multi-page agency website using Next.js 14, TypeScript, and Tailwind CSS with reusable, mobile-friendly components.
- Built a reusable booking and quote workflow featuring scheduling, email verification, frontend-backend integration, and Resend Email API.
- Implemented dynamic routing, custom animations, third-party integrations, and API routes to improve responsiveness and overall user experience.

JD Jones & Co. Pvt. Ltd.

12/2025 – 03/2026 | Remote

Full-stack Developer Intern

- Built a full-stack analytics dashboard using React.js and Supabase to monitor orders, overdue risks, and sales across 500+ customers.
- Designed optimized PostgreSQL schemas, SQL views, and data pipelines to process Excel data into structured business reports.
- Automated data refresh and weekly Excel report generation using Google Apps Script while optimizing query performance.

PROJECTS

Interactome-AI - Multi-Drug Interaction Analysis Platform 🔗

01/2026 – 05/2026

A Full Stack Healthcare Analytics Platform for Drug Interaction Prediction

- Developed a healthcare application that analyzes complex medication combinations and helps identify potential adverse drug interactions using large-scale biomedical datasets.
- Built data processing pipelines integrating data from multiple medical sources, including preprocessing, feature engineering, and graph-based relationship modeling.
- Designed and implemented REST APIs, PostgreSQL database schemas, and backend services for risk analysis, interaction prediction, and report generation.
- Developed the end-to-end web platform using Next.js, FastAPI, Docker, and Cytoscape.js, enabling interactive visualization, patient-specific assessments, and automated reporting.

Newsify - RAG-powered News Chatbot 🔗

08/2025 – 09/2025

A RAG-powered AI news chatbot for semantic search

- Developed a full-stack news discovery platform using React.js, Node.js, Express.js, and Python, enabling users to search and explore news articles across multiple categories.
- Built data ingestion and processing pipelines to collect, clean, and index news content from external APIs, supporting efficient retrieval and search operations.
- Designed and implemented backend APIs, search workflows, and database modules to retrieve relevant articles and deliver context-aware responses based on user queries.
- Integrated real-time news feeds and optimized application performance using Redis caching, improving response times and handling repeated search requests efficiently.

EDUCATION

Vellore Institute Of Technology

2022 – 2026 | Amaravati

Bachelor of Technology | CGPA - 8.04

Narayana Junior College

2020 – 2022 | Vijayawada

Intermediate | CGPA - 9.12

Swarna Bharathi Educational Institutions

2019 – 2020 | Vijayawada

Secondary School | CGPA - 9.61

CERTIFICATIONS

AWS Certified Cloud Practitioner 🔗 — Amazon Web Services

Oracle Cloud Infrastructure AI Foundations Associate 🔗 — Oracle
